Davenport House 4: Heiress Interrupted

Synopsis

More to the story is revealed in this fourth book to Davenport House. Nellie Whitmore is accustomed to life as a carefree heiress, but her claim to the family fortune is at risk because of a new heir. Nellie is sent to Britain to be married before word spreads of her changing circumstances. What begins as a luxurious voyage becomes a fight for survival when the ship is caught in the midst of the War, forever changing the people who live to tell about it. Friendship is kept afloat by telegrams between London and Davenport House. Mary Davenport announces exciting news, and the servants prepare for more changes downstairs. Ethan is anxious to move to Philadelphia, but becomes overworked while the estate is in search of a new groundskeeper. Relationships become strained when the unthinkable shakes the foundation of the house, and the ladies are left to evaluate the risks of keeping secrets.

Customer Reviews

I was thrilled that Book Four was out and read it in a few hours!! It totally had me enthralled during

the time on the ship! I almost went to the end of the book to find out what happened! I held back though and loved the way everything came together for all the key players in the former books, plus a few nice surprises - I love a happy ending....Now awaiting Book 5 in the fall. Marie does a great job of portraying historical fiction with romance and depth.

Marie Silk has done a great job keeping the saga going on all the characters in her books. Explains how each of the characters met and what has happened for them to be in the situation or position they find themselves in at the time.

The multigenerational series is like an American "Downton Abbey". As family secrets are uncovered and the lives of everyone in the story change we can all remember where we were when different events shaped our lives.

Interesting story line regarding one family's history.

Loved this series! Bought them all!

I've actually finished the series of 6 books and I'm experiencing withdrawal, getting impatient and grumpy. I can't wait for the promised prequel. I loved book 4 as I have loved every delicious adventure of these heiresses, their staff, neighbors and friends. The story moves along quickly and purposefully. It's great.

There was only one thing I disliked about Book 4 - Book 5 doesn't come out until this fall. Great series, great characters, and great plots. Very enjoyable reading.

I loved this series. I'm certain that all of you who love intriguing love stories will love this series and the ones to follow.
