Arrived a expected condition and included online code.

Just what I needed, thank you!

Just what I need to pass the boards

The renter was great but the actual book content was horrible. It was not helpful at all.

Great book. Fast shipping.

it breaks down the chapters and it is a recent book. but to be honest I still think the Kettering is more helpful

The book is good, it can improve by providing more sample CRT and RRT practice exams.
