## Customer Reviews

Wow this book is loaded with awesome recipes. Heck you will never run out in your lifetime with things to do with your instant pot. Set it and forget it - I love this thing and this cookbook. Great Job Alex!

I'm pretty impressed with it. It gave me and my partner the opportunity to plan and prepare healthy delicious meals together. It gave us a chance to spend some quality time together while creating great food. The book has so many recipes from vegetarian to just about anything else i can think of. Its very organized and it was easy to find specific sections such as soups and etc. We've only made about 3 meals so far but i cannot wait to see what the future holds for us during meal time.

I like the beginning of this book in which you are told how an instant pot works and how to use it! I bought this when I bought my Instant Pot. There are some good recipes and a lot of tips that have helped me in learning how to use my cooker. Recommended for all!

Great recipes and plenty of them with good variety. I really enjoy cooking now. Thanks
