# Baby Bear: Finger Puppet Book (Finger Puppet Books)

## Synopsis

What does Baby Bear eat when he's hungry? Follow along with this cute baby animal as it experiences its world, from playtime to bedtime. This simple, comforting story features a permanently attached plush finger puppet and peek-a-boo holes in every page, giving parents and children a fun, interactive way to play and read together.

## Customer Reviews

Yu-hsuan Huang, also known as Smallx2, is an illustrator and artist from Taichung City, Taiwan, where she lives with her family and cats.

My grand daughter loves the finger books. I have to read them over and over again.

This book is absolutely adorable - I plan on ordering the rest. Baby isnt here yet, but heck my husband and I were entertained for about 30 mins playing with it together so, worth it no matter what \*laughs\*.

Cute little book

Very cute!

This is a really small book. It's cute but you're basically poking a finger from the back and awkwardly turning pages over your finger. I'll stick it in my granddaughter's stocking but I don't think it will become a favorite.

It was smaller than I expected, but still cute. I got it as a gift for someone else, so I was disappointed in the size. In hind-sight, I think I didn't do enough research prior to selecting the gift.

What a cute book with a little finger puppet that can interact with your baby!

Super cute board book . But much smaller than I thought .
