If you have a young Thomas fan in your life then I highly recommend this book. The pictures and story are so cute. I must have read it to my five year old about twenty times.

My 3 year old loves volcanoes, and Thomas. This has been his favorite book lately. Great incentive to get him reading. There are a few harder words, but after a few times reading through, he's memorized most of them. He also loved the stickers at the end (which I didn't show him until he'd worked his way through the entire book. It was a great surprise!).

Grandson loved the book.

This is the second Thomas book Kindle edition I have purchased that does not work on Windows

8.1; The cover image loads, but none of the content pages display. Works fine on Kindle for Android.

My son loves Thomas and volcanoes so this was a win.

My 4 year old son loves Thomas, and the Step into Reading books makes it easy for him to read along or by himself. He can get through almost all of the step 2 books on his own.

My 3 year old nephew is obsessed with both Thomas and volcanos. I win at best aunt!

Perfect for my grandson
