Waterford Press's laminated folding Pocket Naturalist Guides are filled with accurate lifelike illustrations of the wildlife you are likely to encounter on your travels; whether it is to a park in your home community or one of the world's great nature travel destinations. National Geographic Map's waterproof and tear-resistant maps provide travelers with the perfect combination of detail and perspective; a necessity for any adventure.

The map is a good road map of Puerto Rico on waterproof paper. The price for this set is reasonable. The problem is that this set was advertised as having a road map plus a pocket naturalist guide to flora and fauna. The "naturalist guide" is however only a guide to birds. There are no other fauna and no flora in the guide. The guide is a nice very compact pocket guide to birds, probably not comprehensive enough for true bird enthusiasts, but if that had been what I wanted, I would have been happy with this set. If the set had been accurately described, I would have given it 5 stars,

Map is good, what I expected. "Naturalist" guide is ONLY birds. That is the reason for 2 stars. Just advertise this as a map and bird guide!

Arrived on time and as described.

Good map, good guide to PR birds.
