Beyond Words And Thoughts

Synopsis

Beyond Words and Thoughts is based on classes that Joel Goldsmith gave after he had received the call from within to lift students out of the metaphysical level of consciousness into the mystical. In the book, he explains that in the metaphysical state of awareness, we use the mind to demonstrate health, wealth, and other material things, or try to use God to overcome evil. But when we attain the mystical consciousness, he says, we relax in the Presence of an inner Grace and let It function. We live without words or thoughts, above material law. Beyond Words and Thoughts sets forth the way that leads to this transition to the mystical consciousness. It shows the seeker how to leave the maze and confusion of words and thoughts and enter into the mystical Silence from which all that is proceeds. In that stillness and Silence, we can hear the still small voice and discover the deepest secrets of life. There the earth of problems melts, and the light of Spirit dawns. This is a book for those who want that one great Experience, which externalizes as a fulfilled life.

JOEL S. GOLDSMITH (1892-1964), a monumental teacher of practical mysticism, devoted most of his life to the discovery and teaching of spiritual principles which he founded and called The Infinite Way. After the publication of his seminal book, The Infinite Way, in 1947, Joel traveled throughout the world as a teacher and a healer. Although Goldsmith's message was neither organized nor advertised, students of The Infinite Way increased in numbers. Today, a worldwide student body exists which continues to practice and preserve his work. More than thirty books have been compiled from his tape-recorded lectures and classwork including: The Infinite Way; Practicing the

Presence; The Art of Meditation.
