Stories Of The Prophets In The Holy Qu'ran

Synopsis

This inspiring collection of illustrated stories offers an Islamic take on the lives and missions of familiar prophets. Through these Islamic renditions, children are made keenly aware of the importance of certain virtues steadfastness, patience, and honesty exhibited by religious role models in the Quran, including Abraham, Moses, Noah, and Jesus, and the prophets' willingness to endure hardship as a means to an honest life.

Book Information

Hardcover: 120 pages

Publisher: Tughra Books (October 1, 2008)

Language: English

ISBN-10: 1597841331

ISBN-13: 978-1597841337

Age Range: 9 - 12 years

Grade Level: 4 - 7

Customer Reviews

I love this book all the story of the Prophets it's very interesting and important to know who are they.. I know prophet Mohammad is very famous among them but for me I'm really familiar to all of the prophet and its important to know all the others.. This book is a kind of the most amazing and very helpful to read all about the prophets . I definitely 100% recommend this book to everyone muslim or not muslim its very important to know all about them very interesting story. Thank you for the fast shipping.

Wonderful collection of stories of the prophets in English for children. I love having a nice collection with their stories all in one place (there are many publications of tiny books for children with each prophet not in a bound collection). Nice illustrations and clear, simple, flowing language. Very much appreciated. May Allah reward those who made this book happen.

I was disappointed that the book was missing most of page 18. I contacted the publisher twice and did not receive a reply. I wanted them to just send me the missing text from page 18, so I could paste it inside my book. I was skeptical (based on other reviews with the same issue) that a replacement would not be defective as well. I did end up ordering a replacement, but as I thought the new book was missing text on page 18 as well. I am not sure if there is other missing text on any other pages, this is just what I noticed. I really wanted to keep the book because it does look like a good one, though it would have been nice to write the Islamic names of the Prophets and not just the English version. Anyway, after paying almost 20 dollars I feel like the book should not be defective. I plan on getting a refund this time. UPDATE 8-17-13 The publisher did get back to me today, apparently they had technical issues with their website and that is why I did not receive a reply before now. Though, I already returned my defective books, I would advise others who still have defective copies to contact the publisher directly. I think that they will be responsive.

The stories are well written and engaging for kids 6+. Even I enjoyed listening to them with my niece as she read the book out loud. Some stories are too short and end in one page, which leaves you wanting some more details. But I suppose there is a lot of material to cover so overall it is very good. Definitely worth a buy.

This is a great book. The only reason I didn't give it a perfect score is due to the use of only the English spelling of the prophets' names. Would be great if next to them they would also put the Arabic transliteration in parenthesis. This way anyone would know what the names mean. Also great for learning other languages' names for prophets, etc.

Teaching Sunday school really clouded some of my stories when I tried telling my son. This book helped me explain in a clearer way the message of the prophets. The only thing I dislike is all the prophets' s.w. Didn't have their proper names but their English names.

My daughter loves these stories. We read one story every night and she has lots of questions about the prophets. GREAT LEARNING TOOL! In terms of reading level, it's more around 5th grade and above. But it's great to read to younger kids and talk through together. Illustrations are great too.

Excellent!
