Great resource for US history teachers. I would probably dare say that it fits better for Honors class, as readings and documents can be a bit complex. However, What I really like is how it breaks down information chronologically, and manages create resources for many major events in US history. It also contains questions to use, or think about , and there are some (rather few) graphics.

Recommended!! would have liked to see a full size text, for better reading, and would have liked an answer sheet, along (yes, I am lazy at times).
