Wanted street level maps of Louisville with as much detail as possible. Recently had to turn to public transportation for everything. I was able to mark major bus routes. The internet access to bus schedule information doesn't take into account that I don't mind walking a mile between routes. On line scheduling sends me way off to make a connection only to come back out to where I want to go. Saves about 30 min. on some runs. Glad to have paper on hand rather than relying solely on smart phone apps. Would have been 5 stars but for not having a newer edition. Probably not enough people go old school for paper maps.

Yes it met my approval.

Great guide. Would recommend to anyone. Quick shipping.
