Customer Reviews

I have been planning to visit Italy next year and this book really helped a lot. The book discusses all the necessary information a tourist should know about Italy. The book also provides some survival tips and guides when traveling. You should get this book especially when you're planning to go to Italy.

really bland, not a single picture. I'm not saying it has to be a child's picture book, but when you're going to a world famous city, having a picture of where it is you'll be going is really helpful.
