Customer Reviews

A tiny board book celebrating Easter for ages 4 and under This board book will draw toddlers into the story of Easter as told by Little Lamb. He hears people talking in the garden and goes to investigate. He sees the empty tomb and the sad women. All of a sudden a bright light shines around them, and the angel's good news brings joy to the women and Little Lamb, too.

Jesslyn DeBoer, her husband, and their three children live in Grand Rapids, Michigan. Jesslyn enjoys gardening and walking.

I bought this book "used" but in good condition. It was fine when we received it. It was a very nice addition to my grandchildren's Easter basket. I will say that there are several lines on each page to read. It's not overly simple. The size and shape are adorable. It's about 5 inches long and is very nice for children who are reading board-type books. The illustrations are well done and are colorful. We loved it.

I almost didn't order this book BC some reviewers talked about being SO tiny and the size of their palms. I suppose some people may have huge palms but this book is not all that small. It measures 4.5" tall and 3.75" wide. As for the story itself, it is a great age-appropriate introduction to the story of Easter. Definitely recommend.

it's an egg-shaped book with old-fashioned-like illustrations--it's adorable! it's \$3, with free shipping--some felt that made it too "expensive"...i did not, i liked it just fine!

This is a cute little book - and I mean little! It's perfect for little hands, though. I gifted it to my one year old grandson and he loves it. Very simple and easy to understand story of Easter for the young ones without being heavy handed on the religion.

This board book was a lot smaller than I thought it would be. Still so cute!

This is a great Easter book for a baby--it is true to the spirit and the letter, but focuses on the rebirth (actually leaves death pretty much out of it). For a baby or a young toddler just learning about Easter, it gets the message across in the perfect way!

The book is sweet, but it did not hold up to my toddler. The book ripped apart in less than a weekend- and it's his only book that has ever been destroyed.

The story is cute, but my 27 month old ripped it completely apart in the car due to the shape of the book & small amount of binding, even for a board book. It's also TINY!
