good information in book

If you suffer from psoriasis it's easy to feel hopeless, especially if medications don't help. Marjy Berkman has been in your shoes and in this book she opens her heart to share with you her journey to clear skin. She also shares her tremendous knowledge about diet and mind-body practices as alternatives to drugs. Marjy's book is not only kind and compassionate but also gives you real strategies for taking charge of your own healing.

A friend recommended I read this to help with my menopausal skin outbreaks which I've felt very self-conscious and hopeless about. It was really helpful on so many levels - skin, nutrition, spirituality, empowerment. The author shares her personal experience which is very inspiring in itself, but what I liked was that she continually encourages the reader to follow their own path. It's a quick read chock full of facts (I liked that she has some serious credentials, not just someone w/skin problems) and tips that I've already started integrating into my life. Definitely recommend!

I love this book! I suffer psoriasis, but It got better from this book. It feels good to hear your story, thanks for sharing
