Customer Reviews

BOO! HISS! This anthology does not contain River Lullaby, which is the primary reason I purchased the book. My bad, of course, for not checking the table of contents. But just be aware that this does not contain all of the music from the show. Music includes: Deliver Us, The Reprimand, Following Tzipporah, All I ever Wanted, Through Heaven's Eyes, The Burning Bush, Playing with the Bg Boys, The Plagues, Death of the First Born, When You Believe, Will Get Them. Other than that, no complaints about the book. The music is great. Aside from one piece in E major, most of the music is written in relatively easy-to-play keys, which makes it fun to tool around with.

All the songs were in there, just as hoped, with words to the lyrics and the names of the characters singing each part. Lots of interesting accidentals and rhythmic challenges--definitely not for a beginning pianist (unless the beginner is sufficiently motivated!), but not particularly difficult, either. Moderate difficulty. One irritating thing (to me, at least) is when a note has an accidental in one measure and then is explicitly shown to be back in the initial key in the next measure (e.g., the song

is in C major and there's an E-flat in one measure and then it's shown as E natural in the next). I just find it distracting, but maybe others might find it helpful, I don't know. Also, there are illustrations from the movie and guitar chords included. Not spiral, so a bit difficult to get it to lie flat, but isn't that what Kinko's is for?

Excellent piano book. This book DOES contain River Lullaby, it is a part of Deliver Us (other reviewers may have not read the music), it is not a stand alone piece.

This sheet music was well taken care of with no rips or tears. The sheet music is clean. I have so much fun playing the beautiful music. The book is filled with songs from the movie's soundtrack. I love it! The package arrived on time. The was happy with package and the service.

Amazing condition. Another great Score by Hans Zimmer!

I have played piano for many years and this music is great for me. Beautiful compositions! (Hans Zimmer is a genius!)

My brother plays "Let my people go" like a pro.

Excellent arrangements. My friends were all very impressed when I played the songs from here!
