The Barstool Book Of Sports: Stats, Stories, And Other Stuff For Drunken Debate

Synopsis

Sports debates are the foundation of every fan's night out. But it's not enough merely to have these inebriated arguments—you must win them, too. Enter *The Barstool Book Of Sports*: a disorderly debate bible that's jam-packed with hilarious lists, irreverent sidebars, and edgy illustrations that will help you transform your sports knowledge and sound smarter and more confident than everyone else in drunken trivia duels—even when you can't see straight. Forget boring "Player X vs. Player Y" fights. This book tackles the hard-hitting stuff: Who are the best fat athletes of all time? Where's the saddest fan base in America? What are the dumbest athlete injuries ever? Which nonsensical sports conspiracy is just plausible enough to actually be true? Which NFL player should star alongside CGI animals in the football version of *Space Jam*? Consider it the ultimate toast to every intoxicated argument you've ever had.

Customer Reviews

Andrew Daniels is a digital editor and veteran of *Men's Health* magazine who has interviewed hundreds of athletes and celebrities including Cam Newton, John Elway, Drew Brees, Mike Tyson, and, uh, Vanilla Ice. He is also the author of a book: this one. A Lehigh University alum, Daniels currently lives in Allentown, Pennsylvania, with his wife and dog. In 2010 and 2011, he won back-to-back titles in his fantasy football league. He played two years of organized tee-ball.

Great book to pick up and read anytime! Perfect gift for sports fans!

A great book to have on-hand during pitching changes, video review, rain delays, and commercial and bathroom breaks. There may not be a greater piece of sports literature than the chapter entitled "A List of the 250 Funniest Names in Sports, Presented Without Comment." The name "Dick Trickle" only scratches the surface...

If you like sports, drunken debate or Charli XCX, you'll probably love this book. If you're Ashton Kutcher, you probably won't.

This book is a perfect mix of essential and silly. You didn't think you needed to know a list of the 250 goofiest athlete names or the intricacies of the movie Draft Day or who should star in a 1990s hockey version of Space Jam, but once you do, you'll never go back. And Andrew's writing style makes it all go down easy. It's a delightful book you can burn through on a quick beach weekend, on a red eye across the country, or while taking the longest poo of your life. Highly recommended, and I've got my fingers crossed for a sequel.

Great book for sports fanatics. Lots of humor, fun illustrations. Would make a good gift.

It's pretty funny, perfect book for the crapper.

Great book, very well written and accurate! Would 100% recommend and can't wait to see what other books this author writes.

An easy, enjoyable read. Tackles the important questions you didn't care to have answered, but can't stop thinking about once you start reading. Great conversation starter with any sports fan.
