A+

This book helped me discover themes from a book I've read 6 times that I never found! Very helpful to understanding the text, the relationships and how it relates to human development. It was broken down by chapters and explained each character's connections and significance. I loaned it to a friend who had the same response! Absolutely helped me get an "A" on my paper!BUY IT!

This wonderful story of cultural acceptance and pride is a read in which a 10 year up to adult will enjoy!!

I love the concentrated information concerning "House on Mango Street." All the information I need to plan a unit is all in one place. I wouldn't LOVE for MAXnotes to create more of these books for more of the reading material in my school's classroom sets.Oh well. I'm going to buy more of these books.

Is it about the book, or is it about the fact that this is my first book on the Kindle App for iPad? Of course it is about both! Kindle App is certainly one of the best reader apps I have encountered. I don't think I have to rate the book. It has won so many accolades that it speaks for itself.

I had to teach The House on Mango Street for the first time this year with my 9th graders. This book really helped me with assessments.

I mistakenly ordered the notes, not the actual book. I continued to read the notes for a few chapters and became bored with the style of analysis.

I used this book for a final book review. I got an A :)
