Flower Passage: By Liz Crowe
Blurb: What would you do if the lover, brother, son and friend you thought you'd lost forever was returned to you? Brutally battered emotionally and physically for the past two years, Tarkan Deniz has escaped his captors. When the Deniz family discovers the

shocking truth they rally and do everything in their power to bring him back safely. But all have been affected by the tragedy of his loss, and must come to terms with the new reality, each in their own way. When Happily Ever After seems like a nightmare...one man can bring healing to all, but will he ever be the same man again? Flower Passage teaches the lesson that love once lost, can be regained, even if it takes a slightly different form than before. Review: I have come to expect killer characters who are full of dimensions and emotional angst with Liz Fiedler's books. She always gets to the heart of the story. Flower Passage is a finale of the Turkish Delight series and tells the tale of the lost son, Tarkan, but it wraps up the whole series giving you a glimpse of the rest of the family from his sister Lane to his twin, Emre and finally to his parents. It felt welcoming coming back to this series which I loved from the 1 Night Stand books which set up Emre and Lane with their perfect mates. The emotion of the story will grip you and hold you tight through this roller coaster as Tarkan fights to escape and return to his love, Caleb. I can't give away any details but Tarkan isn't the man he once was, nor is Caleb. But with the power of love, everything is possible. The only missing piece for me would have been to have Madame Eve play a part in this new love story.

Tarkan had been kidnapped when a bomb exploded through the Turkish Parliament building and subsequently tortured, seemingly forever. With the aid of a mysterious woman, he manages to escape, killing most of his captors. His helper murdered in the process. Disorientated, confused and in desperate straits he manages to get to safety but is seriously injured. Tarkan's family and former lover, Caleb, are all informed and rally to find him, having thought him long-dead from the bomb. While Tarkan's family search desperately for him, Tarkan hides in the Flower Passage to lick his wounds and readjust to the outside world. Caleb assists in this search, but he is torn. He is still haunted and in love with Tarkan, but head over heels in love with his new partner, Adem. When Tarkan continues to hide, only Caleb can help bring him back out and into their lives once again. This is the latest book in an ongoing series revolving around Tarkan's family, but it's not strictly necessary to have read the others first. The author does a good job of catching the reader up on the other couples/members though it does slow the pace of the story a bit. I was a bit disappointed that a very large portion of the book was dedicated to these other characters and not the main relationship between Tarkan, Caleb and Adem. Despite this, the characters are extremely likeable and interesting. The bonds between the family members - new and old - are well drawn and it sucks the reader into the story. Written in an easy pace, the connections and love is clearly shown between the various pairings and family members. Still, I would have liked to see more of Tarkan

and how he coped with the ramifications of his torture and captivity. The interactions between all the characters was vibrant and some of the scenes heart wrenching. The ending felt a little rushed, but overall the likeability of the main heroes as well as the major secondary characters made this an enjoyable read. Originally posted at LAS Erotic Reviews

If you have read the other books in this series, chances are you are not reading this review because you just have to have this read and taking the time to read this is delaying when you can begin the story. If you have not read the other books in this series, you should really start with Turkish Delights because this book is, in my opinion, the only book in the series that does not really work well as a stand alone. This book is exactly what I have come to expect from Liz. It is hot and intense and unpredictable and even breaks your heart a time or two. While this book is "about" Tarkan, it really is about each and every member of the Deniz's extended family. We see every character from the previous books and how they deal with the turn of events laid before them. We see their struggles and their triumphs. We see their heart breaks and their joys. It is just the perfect book to close out this series. I am sad to see this series end because I am not really ready to say goodbye to the Deniz family and Turkey. I was given a copy of this story in exchange for an honest review.

I have to admit, when I first heard about this book and Tarkan's return - I wasn't sure how I would feel about it. I had grieved for him, right along with Caleb, in Blue Cruise. I had also found love again, right along with Caleb, in Adem. See the conundrum? Will Tarkan & Caleb be together again? What about Adem? Is Tarkan the same man after two years of being brutally beaten? How does the family deal with his return? You do get all the answers to your burning questions but this review is going to be spoiler free. This book needs to be experienced & read, without spoilers, in order to get the full impact & importance his return has ;) I will say that after reading, it was my absolute favorite of the series! Don't let the title of this book fool you, even though it is about Tarkan's return, you get much more. Throughout the series you come to know and love the Deniz family - Vivian & Levent, Emre & Elle, Tarkan & Caleb, Caleb & Adem, Lale & Andreas. Liz does a fantastic job of bringing this series, as well as, each of the couples storylines to a close. The closeness, love, respect & support that they all have for one another is heart warming and the BEST part of the book. Through their many tragedies, they are still standing strong - together
