## Customer Reviews

This is a very basic guide . I was thinking of a traditional Green Guide with some detailed information to visit the museums mostly on the major paintings. Only after it arrived I understood that it is a weekend visit guide , for this purpose you can have a guide for free in internet,

Excellent guide. Everything covered. We look forward to our visit and putting it to use.

We have always liked the Michelin Guides, and this one is excellent. No paid-for suggestions, just the best reviews of sights and restaurants.

Print very small. Okay if you have perfect vision and lots of light.

Just what you need to carry along.

Not enough information about the city and the dutch people and the country. The map is also very poor on detail.

excellent
