## Customer Reviews

Nielson Phu is a teacher, author, and SAT perfect scorer. Since graduating from NYU, he has helped hundreds of students throughout Boston and Hong Kong improve their own scores with a unique approach that goes far beyond the basic strategies found in typical test prep material. Although he is now an engineer, he continues to teach through The College Panda, an in-depth blog with more than 20,000 readers each month (<http://thecollegepanda.com>)

I have read and completed the entire book. The way Nielson explains each different parts which will be tested in ACT English sections are very clear and really easy to understand and remember. There are 29 chapters and 1 review sheet for everything learners should know before test day. The greatest thing is there are 3 practice tests at the end of the book which are precisely reflect the

strength of learners. I recommend do that before you study the whole book because It will help you figure out which part of ACT English you still don't understand. However, the answer at the back of the book makes me confuse maybe because of the typo...In general, I love this book and I really recommend students who are new to ACT test should buy this. College Panda is an amazing resource. I have both of the books SAT and ACT.I found the ACT guide well laid out and easy to read. Not an overwhelming guide, you can just jump in and review chapters you may be weak on.Using College Pandas resources I got a 31 on ACT and 660 SAT reading and writing sections.Follow the blog you will be glad you did!

Thorough, organized, simple, entertaining. Easy to read, understand and reference. Matter-of-fact style made it simple to follow. My junior received a 32 on her first ACT - yes, she's smart, but she said The College Panda tips were vital! I've bought several of the ACT & SAT The College Panda books - my children used them all.

The book takes you through the types of questions on the English section, step by step, helping you understand what the questions are really asking and what to look out for along the way. It is not overwhelming like other review books, but still covers all the areas tested. Best of all, it includes Practice Tests with explanations for each answer.

My son's English score went up. I am hoping they will come up with ACT Reading also.

This book is very well written and is definitely one of the best ACT practice books I have ever taken. They are a lot of practice problems along with very good explanations. It also has practice tests in the back for you to do after you have learned the lessons. Overall, this book is very useful in helping you improve your score on the ACT.

My daughter told me that this is the best ACT book that she has seen. She said everything you need to know is in the book.. So glad to have found this thorough resource. Fingers crossed!

One of the best organized ACT books ever. Very comprehensive.
