# Two Wrongs: A Second Chance Romance (Trouble By Numbers Book 2)

## Synopsis

When Ivy Adams is summoned back to LA by her secret husband, it's for the purpose of revenge, not a second chance. Estranged as long as they've been married, Ivy's never told anyone she even has a husband, let alone he's the Scots born movie star, Dylan Duffy. Yeah, that Dylan Duffy. The sexy-as-sin bad-boy. The man whose rumbling accent has half the world's panties damp. But Ivy isn't the only one keeping secrets, and screwing half of Hollywood hasn't sated Dylan's need for revenge. He's hellbent on making Ivy pay for her mistakes in the most despicable way he can. Two wrongs don't make the pair even, but can they ever make their marriage right?

## Customer Reviews

I loved One Hot Scot and now Donna Alam has given us Two Wrongs. What a beautifully written book. Ivy and Dylan's story kept me turning the pages until the end. We finally get to learn that big secret she's been keeping and boy is it HUGE! Ivy's married to Dylan Duffy, the movie star, but after his manager keeps filling her head with nonsense she flees. Well, Dylan doesn't take it well and he's out for revenge. When Ivy calls his bluff, the sparks fly. You will absolutely love all the characters

and their interactions. One of the most memorable characters is Nat's grandmother, June. I highly recommend this book to everyone. One click your copy and fall in love with Donna Alam's books. I received an advance reader copy of this book and this is my voluntary and honest review.

HOLY COW!!!!!! If you LOVED One Hot Scott, Two Wrongs is even better. Well, Maybe. Maybe NOT! Oh Heck, they both are JUST Awesome!!!!!!!!!!!!Ivy and Dylan's relationship was explosive from the very beginning. However, at one point, Ivy decides that she loves Dylan so much and wants his career to be the best. So, what does she do? Make him think she did something awful, leave and file for divorce! Can you believe it, and he even really believed what he thought he saw! Now, it's Dylan's turn to hurt Ivy. He comes up with a plan to pay her back because he found out his eyes deceived him. Can he really do it? Does he still love her so much he can't go through with it? Ivy returns to LA for the confrontation that Dylan has been waiting for. When she gets there what happens is anything but what Dylan, or Ivy, was expecting. Two somethings unexpected happens leaving Ivy with another secret she just can't tell Dylan, again for his career and another chance at love, and Dylan with a secret that can hurt Ivy more than he ever really wanted to. It wasn't even intentional but will still be devastating for her. Can their TWO WRONGS make a Right? YOU JUST HAVE TO READ IT!!!!!! Make sure to leave time because you WON'T WANT TO PUT IT DOWN! Who is next in the series? I wonder if it will be Mac, Ivy's brother. Oh, Wait! What about Fin and Kit? I'd LOVE to see that. Come on Donna, give us a hint of what is coming up next! PLEASE! This is a VOLUNTARY review of an advanced AND PURCHASED copy of this book.

In the first book, One Hot Scot, we are introduced to this group of characters in Scotland. While I loved One Hot Scot, there's only SO MUCH RIGHT in this book! Before this book, I erroneously thought that math class was the only place you could take two negatives and make a positive. That was before I read this book! I won't rehash the synopsis, that's not the purpose for any of my reviews. I will give you an honest endorsement of this book. There were many secrets hinted to in OHS, and I recommend you read that book first. BUT...you could read them out of order if that's your thing....IMO, it doesn't do you a disservice as there's a bit of a time overlap in the plots of both books. But this book...it runs the gamut. It made me laugh, it made me ache. Their pain was felt so keenly that I cried in parts because who hasn't had that experience of a love going cold? If you haven't, you're a lucky person indeed. This is a book of second chances, of redemption, of misunderstandings, of homecoming. This book was one of the most poignant and beautiful books that I've read this year. Considering the rate I go through books, that's saying something. (8-16

audiobooks per month, about as many eBooks and paper books per month...I'm just really bad at updating my progress, too busy reading!)It will hit you square in the feelings, it will make you fall in love with the characters as they fall back in love all over again and it will leave you panting for more. The chemistry is so hot that it sizzles. Keep some ice handy to cool down from the parts that are more mature in content. I hope to see this author continue this series of books because I am dying to see what happens next.Grab it, devour it, feel it and know that this is one you will read time and time again...this book is a total keeper. It will also keep you guessing while you find yourself holding your breath while hoping Ivy and Dylan find a way to clear up their wrongs and somehow make it right, if I could give it more than 5 stars, I would!

I absolutely loved this book!!! I would rate it higher than 5 stars if I were able. Donna Alam has quickly become one of my favorite authors. While the storyline of this book was fairly heavy in tone throughout, the author injected a heavy dose of complex characters, witty dialogue and wicked humor to keep the story from becoming too serious and complex. This made for the perfect balance in my opinion. There were honestly many laugh out loud, as well as tear jerking moments for me in this book which I found refreshing. I loved that my own emotions didn't know up from down while reading this.I prefer to write reviews that do not contain spoilers. Why take all the fun out of reading a book for others? Instead, I will sum up the story like this: Dylan and Ivy have so much they WANT to say to one another. So much they NEED to say to one another. So much that they DON'T say to one another but holy cow, really SHOULD say to one another. While their sexual relationship is hotter than an inferno, their communication skills couldn't be more lacking. Their tale is the perfect example of what NOT to do in a marriage if you want it to succeed. Will they finally learn to talk, ask questions of one another and listen? Will they be able to save their marriage or are they destined to live in a perpetually horny state of angst for one another from a far? Only reading this book for yourself with answer these questions for you. I highly suggest that you purchase this book today. I promise that it will be money well spent.I received an Advanced Read Copy of this book, loved it so I bought it.
