## Customer Reviews

It's a nice looking overall package, but it could be a lot better, considering the price. There are 50 images, although they are of widely varying quality. They all seem to be drawn by fans, and the quality is all over the map. There are several images that seem to come from low-resolution sources, so they are highly aliased and jagged and soft-focused. It does state the images are 'high quality' so including several that are not is misleading. It'd also be great if the images filled the pages.I hate to give negative feedback, as whoever put this together loves Bendy, and it's one of the few tangible things from Bendy that we have at the moment, so for that, it's cool. There is no author or publisher or anything listed anywhere, which is questionable. Maybe the assembler simply

did a google search of images and uploaded a PDF and made the covers very quickly? It certainly has that feel.

This book needs more. Especially comics. Good work though. I would prefer that you would make sure you don't find anything inappropriate at all. Beware of porn.

There are only like 10 pictures here, not 50

In love with this book! ;) Make more Bendy and the ink machine :) just amazingly amusing!!! Love this book!

Hey If you read this im telling you buy it buy it buy it the pictures are sooo good trust me buy it you guys and girls who don't have it has awesome pictures. BUY IT!!! From: Ariana

i love the game and stuff but it might have plot twist but this i bet is going to be real cool with bendy and stuff but dont forget the ink machine the game is cool and this is awesome so it have to be the best bendy book ever

great, I m buying a second one I also love this material Great product. Satisfaction guaranteed. The item is really great. you won't be regret. I was skeptical because it is so inexpensive, but not any more!! It works like a charm. Excellent product. Arrived on time. I wasn't expecting it to work so well, but it did.

These art and drawings are amazing and I would probably mess it all up. But the people who drew these are very talented and I think this book of art is a book of greatness. Greatness is probably not even a word but that is how I describe this art and
