## Customer Reviews

great little book, i bought it to help decide if i wanted a pick up camper. i wish it had more advice about what truck and what size camper but it was a good read.

Join Andy and Julia on their journey and visualize the spectacular scenery they experienced. With humorous tales and great pictures, "Truck Camping" is a valuable resource for anyone that has a desire to engage in this type of camping adventure.

I expected the book to have truck camping things. I was instead a very minimal travel guide.

Fun book to read!

Pretty basic but after all that is what Truck Camping is and why we like truck camping. It is still interesting. I think it is great that they took the time to document their experience and write about it. I look forward to seeing updates
