Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

No answer key or sheet. This way will cost a lot parent's time to figure out if their kids did correct or not! I tried to called their custom service, he recommended me to buy teacher edition at cost around \$23. I can not believe they do their business this way. I will return this book.(Notes: several years ago, I bought the same book for book 8. Their was a separate sheet with correct answer in the book. They now took it out just want to push you buy teacher's edition also at a total triple cost!!!. Unbelievable)

Great for practicing questions but no answer key !!!It made it difficult to correct the exam if the

answer wasnt obvious.
