The Stormrider Surf Guide Peru (Stormrider Surf Guides)

Synopsis

Snaking down the western shoulder of South America, guided and fortified by the soaring Andes, Peru has managed to grab the lionÃ¢â¬â„¢s share of some of the finest Pacific surf real estate on the planet. Curving to face the onslaught of SW Antarctic swell, this arid, 3000km (1865mi) long coastline has been shaped by a generous, goofy-footed god, who created an abundance of over-long, leg-shattering left pointbreaks. While the ancient Aztecs have gone, the totora reed boats of the local fisherman remain, proving that SUP was popular hundreds and even thousands of years ago and confirming Peru was present at the dawn of manÃ¢â¬â„¢s quest to ride ocean waves.The Stormrider Surf Guide Kindle ebooks are just part of the worlds best selling and most respected collection of surfing guide books. Customer Reviews

Well done, I used this book on a trip to northern Peru and found it to be right on the money. I did not get a chance to explore around Lima however a fellow traveler indicated his use of this book was quite helpful in the area.
