Susan Hagen Nipp received her Bachelor of Arts Degree in music and a minor in education from Whitworth College, in Spokane, Washington. She has taught high school English, and music on the elementary school level. She lives in Coeur D'Alene, Idaho, with her husband Charlie. They have two children. Pamela Conn Beall received her Bachelor of Arts Degree in music and a minor in education from Oregon State University. After college, she became an elementary school music teacher in the Portland area. she currently resides in Lake Oswego, Oregon, with her husband Ron. They have four children.

We have been looking for this tape. We have a Mother Goose that the light dims as the music softens to help children fall asleep. The tape that came with the Goose was annoying; so we had purchased this tape but after 30 years it no longer worked. It was great to find the same cassette all these years later. We were very excited. This tape is not annoying for parents when their children play it over and over ...

My grandmother used to have this in a cassette when I was a little girl and I loved it! I am beyond ecstatic to have found it in a CD so my children can enjoy it as much as I did/do. I learned most of my nursery rhymes from this CD. The CD teaches children many, many nursery rhymes and they do it in a wonderful story that you can't help but fall in love with. It also comes with a booklet full of all the music and lyrics so your child can read along with the CD.

Love Wee Sing tapes. they never seem to get old, always well done. The kids love them, the grandkids love them, the nursery school kids love them.

I was disappointed that the CD was not included

Great little book, just wish I could play an instrument.

Need the word and tunes to those old ones in your head? This is it.

Love, love, LOVE this! Great cd and just like I remember. I love traveling to Old King Coles birthday party with my young children. I'm so glad this is available.

I did a search for the original recording and I thought that is what I was getting. I use to listen to the original with my daughter when she was a little girl. Now she is expecting her first daughter. Since we have misplaced our original cassette, I wanted to replace it. I thought this was it. It definitely is not. This version is filled with a bunch of talking and very little of the songs. I am very disappointed and so will keep looking for the original.
