Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for the Caribbean and other locations worldwide.

This was very helpful on our recent trip to Eleuthera. Great hints about good snorkel & dive sites as well as popular sight-seeing spots. Doesn't help much with the side roads, but then again, we didn't find a map that did. (GPS is the way to go for those!) Good thing there are always friendly locals willing to give directions! :-) We loved the island, used this map alot, & will take it with us on our next visit as well!

Map itself was just what I expected, however a sticker applied to the front with a bar code could not be removed without removing part of the front of the map. I would not have purchased it if I had known that would be the case and probably will end up returning it.

It was a terrific way to locate places we were interested in visiting

Had a lot of interesting information about beaches and sites to see around the island. Also provides different fish species and dive sites to visit.

ok
