# Special Education In Contemporary Society: An Introduction To Exceptionality

## Synopsis

The Fifth Edition of Richard Gargiulo's well-respected *Special Education in Contemporary Society: An Introduction to Exceptionality* offers a comprehensive, engaging, and easy-to-read introduction to special education. Grounded in research and updated to reflect the most current thinking and standards of the field, the book provides students with the skills and knowledge to become successful teachers. Gargiulo's text encourages a deep awareness and understanding of the human side of special education. The book provides students a rare glimpse into the lives of exceptional students and their families, as well as the teachers that work with exceptional persons throughout their lives. The New Edition of Gargiulo's groundbreaking text maintains the broad context and research focus for which it is known, while expanding on current trends and contemporary issues to better serve both pre-service and in-service teachers of exceptional individuals. The text is organized into two distinct parts to offer students a truly comprehensive and humane understanding of exceptionality. In Part I, readers are provided strong foundational perspective on broad topics that affect all individuals with an exceptionality. In Part II, Gargiulo engages students with thorough examinations of individual exceptionalities, and discusses historical, personal, and educational details of each exceptionality as it affects a person across the lifespan. "This is a well-written, comprehensive, well-organized text. It is obvious that much thought has been put into the supplementary materials and features." — Jenny Fererro, Palomar College

## Book Information

Paperback: 712 pages

Publisher: SAGE Publications, Inc; 5 edition (July 9, 2014)

Language: English

ISBN-10: 1452216770

ISBN-13: 978-1452216775

Product Dimensions: 10.8 x 8.3 x 1.1 inches

Shipping Weight: 3.2 pounds

Average Customer Review: 4.2 out of 5 stars 25 customer reviews

## Customer Reviews

"This is a well-written, comprehensive, well-organized text. It is obvious that much thought has been put into the supplementary materials and features."--Jenny Fererro"I found your text very impressive, useful, and comprehensive. Furthermore, this semester (with your textbook) was the first time I found the majority of students bringing their textbooks to class. That also impressed me regarding the quality and usefulness of your book." --Kathleen M. Chinn, Ed.D-This is a well-written, comprehensive, well-organized text. It is obvious that much thought has been put into the supplementary materials and features.---Jenny Fererro-I found your text very impressive, useful, and comprehensive. Furthermore, this semester (with your textbook) was the first time I found the majority of students bringing their textbooks to class. That also impressed me regarding the quality and usefulness of your book.- --Kathleen M. Chinn, Ed.D

"This is a well-written, comprehensive, well-organized text. It is obvious that much thought has been put into the supplementary materials and features." (Jenny Fererro)"I found your text very impressive,Ã Æ useful, and comprehensive.Ã Æ Furthermore, this semester (with your textbook) was the first time I found the majority of students bringing their textbooks to class. That also impressed me regarding the quality and usefulness of your book." (Kathleen M. Chinn, Ed.D)

The information in the book is presented well, clear, easy to understand. The book itself is good. My low review comes from the format. I bought the kindle version as a textbook for class, and for that purpose it is almost useless. There is no linked table of content, not page numbers, only the basic location feature. It works fine as a reference but is almost useless in class because it's almost impossible to find a specific location in the book. If your professor gives you an assignment to read pages 101-150, for example, you will need to find a print copy, see what is in the page, then scroll through the kindle book to find that location. Fix this and you'll have a great e-text book.

This book is a must-have for ANY teacher or prospective teacher. I am an English Education major but I am also a music teacher, and this book has provided me with wonderful insight for some of my students. The key terms are bolded and off to one side, which is a bonus for any college student. The summaries at the end of each chapter are comprehensive and adequate. Not only that, but the book is extremely easy to read even if you don't understand things like Public Laws or state curriculum. It also provides additional resources for every single chapter. Overall, well written, interesting and insightful. The price on is also very fair, you can't buy this cheaper anywhere else.

I bought this as a gift to my girlfriend's online class. She used this book during her online quizzes and she did quite well. She used it about 3 times a week and thought it had some good information. However, some of the questions posted on the online quiz was more appropriate for an earlier version. Regardless, it didn't have any effect and was still a good product.

I was told I would not receive this book until February or March but I got it just a couple days ago. I love this book and I cannot wait to use it to continue my teaching experience. I highly recommended buying this book if you're special ed/early childhood major like myself, or if you're a teacher that has an inclusion classroom. This book will help you to understand the different types of disabilities and how/what to do in general situations.

Great textbook!! I would highly recommend getting this text book from ! I got it for a great price and the quality is awesome! Thank you !!!

Very easy to read. Used it in a grad school class and felt like it was not challenging at all. Made it very easy to keep up with the reading.

thank you for the speedy service and the quality of the product is expected

Very comprehensive. Contemporary Knowledge. Long chapters, but filled with information.
