## Customer Reviews

Tanya Lloyd Kyi is a freelance graphic designer and writer. She grew up in Creston, British Columbia, but now lives in Vancouver.

This was a little disappointing. I have been to Hawaii and my husband and father-in-law are photographers and this has awful quality pictures for such a beautiful place. Blurry pictures on almost every page, which is even worse and extremely unprofessional to ask people to pay for both blurry and crisp pictures. Sadly this book was purchased for my grandmother who has always wanted to go, but will probably never get a chance. My hope was to provide a book with key pictures in it so she could experience Hawaii visually. Not what I was hoping for at all. I suppose we will have to put together our own!

Interesting pictures but reminded me of an older style of photography. Quality of photos wasn't great

as other reviewers have stated, but I used it as my wedding guest book, since we were going to Hawaii on our honeymoon. Our guests signed on the white space on some pages and on some of the large photos, so it served it's purpose well.

We recently moved from Hawaii. These lovely photos brought back so many wonderful memories!

Lovely coffee table book! Beautiful pictures!

This was purchased for our grandson book report. It was very helpful.

Beautiful
